Where Are They Now ? ? ?

Brian McGrath—(assistant coach 1992-1995) Graduated in 1995 with a BA in Political Science. He currently is the Director of Programs and State Relations for the Milton and Rose D. Friedman Foundation, a national public policy organization that promotes school choice and is based in Indianapolis, IN. He and his wife of 2-1/2 years, Leah, along with 5-year-old goldfish Pen, are anxiously expecting their first child in August. The new addition is prompting a springtime move from their fun, cool bungalow in the chic Broad Ripple bar district on the near north side of Indy to a "family" home in the northeast suburbs. As both Brian and Leah travel extensively for work, current hobbies include sleeping in on the weekends, taking walks, weight lifting (sometimes), debating politics, spending time with friends and using airline miles and free hotel stays for vacations. New hobbies expected to include less sleep, changing dirty diapers, learning baby talk, and other things that cannot be comprehended at present. Brian can be contacted at bmcgrath@friedmanfoundation.org.

Hannah Sarnow—(former rider, 1994) Graduated in 1994 with a BS in Mathematics, Minor in Economics, and Area Certificate in Environmental Studies. Completed her Master's Degree in Resource Economics at the University of Massachusetts-Amherst in 1996. She moved to Boston in the spring of 1997 to work for an environmental non-profit organization. Hannah currently resides in Cambridge, MA, with her cat, Peanut. She has been employed by Northeast Waste Management Officials' Association (NEWMOA) as an Environmental Specialist for the past 3 years. She has many interests; occasional swing dancing and playing softball for a team called the EdSox (watch out, Red Sox!) keeps her busy. She is also a member of an all-women's cycling team called Dansko Love (you can check out their website at www.dlovecycling.com). Hannah has participated in many racing events on the East Coast and won her first circuit race in April 2003. Hannah can be contacted at hsarnow@newmoa.org. You can also e-meow her cat Peanut at peanutsarnow@hotmail.com.
